

Il sistema a parete Krossing realizzato semplicemente con piani e tubetti in alluminio naturale o verniciato bianco, è studiato per contenere un gran numero di libri (ma anche cd, dvd, bottiglie, etc.) con un ingombro minimo: 15 cm. Vengono proposte strutture di sei larghezze da 34 a 200 cm, con allestimento da 4/8 piani, oppure utilizzando i componenti base è possibile progettare soluzioni a proprio piacimento. La Krossing, una volta riempita, tende a "scompare" per lasciare migliore visibilità a libri, cd, dvd, videogiochi, profumi....

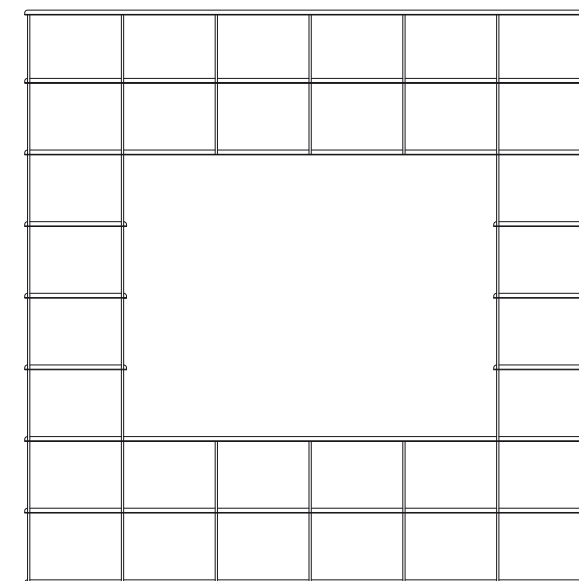

Krossing wall system, simply made with natural or white aluminium shelves and tubes, is studied to archive many books (and also cd, dvd, etc.) with a very little volume: 15 cm. Krossing is supplied in six lengths from 34 to 200 cm, with 4 or 8 shelves, or it is possible to build many personal solutions combining basic elements. Krossing system aims at "disappearing" when filled up, leaving the best visibility to books, cd, dvd, videogames, perfumes....
